

## **Fungal Fly Flings**

Dead windowsill housefly,  
Ghostly halo  
Tiny white spores,  
Death trap!  
Insect invaded,  
Brain co-opted  
Highest perch possible,  
Sporerific launching pad,  
"Come one, come all,"  
Delectable flies!

Wafting aphrodisiac,  
Supernormal mating,  
Wily fly plot,  
Infectious intercourse,  
Female corpses male fornicaters,  
Necro-paraphilia, gadzooks!  
Mysterious saprophytic kingdom,  
Fungal-swollen remains,  
Luring concoctions,  
Hoodwink'd love bugs,  
Thriving decomposers!
