

Monsters Emptying Oceans

'Govt fossil fuel'd
Nomadic slaughterhouses,
Big bad behemoths
Smithereens smashers,
Drifting extinction-makers
Furiously precipitating
The Great Ending.

Heinous bottom trawlers,
Carbon-rich seabeded
Bank robbers,
Seamount cold corals
Olden five-thousand,
Obliterated!
Ten kilometre-long
Sea surface plumes,
Outer space apparent
Extraterrestrials perplex'd.

Long White Cloud Land
Fisheries fossicking
Vanish'd sea creatures,
Marauding shorelines
Abysmal Leila Jo,
Trawling
Ensnaring
Crushing

White pointers, baskings, nurses
Maui dolphins, hoiho penguins,
New Zealand sea lions
Giant groupers,
Succeeding pokororo,
Extinct'd!

Get outta oceans
Fisheries,
Don't eat sea
Climate Gen,
Go vegan
Defend it!

Aggressive direct action,
Unstoppable goodness
Parrying
Unthinkable evilness,
En garde!
