

## **Uniquely Earth**

Without life,  
Meaningless universe.  
Enter meaning,  
Universe consciousness,  
Consciousness characteristic,  
Living things,  
No living lifeforms,  
No meaning.

Uniquely Earth,  
Meaningful civilisation,  
Only island  
Amid sea  
Four Hundred billion suns,  
Tremendous responsibility,  
Defend our island!  
Annihilating meaning,  
Galaxy forever.  
Impermissible!
