

Fossil Fuel Confidence Tricksters

Credulity, naiveté, vanity, confidence,
Irresponsibility, greed, planet-killing.
Men, money, power, immortalise,
The long game, high stakes, illusions.
Name your price? More!

Unctuous fossil fuel conmen seep assuredly,
Mustn't leave anyone without,
Such slithery goop duplicity bathed.
Asphyxiating pollution, black gold drying up,
Price ever-rising, people alert.

Foundation, approach, build-up, pay-off,
Hurrah, in-and-in, corroboration, shills,
Dishonest, treacherous Murdoch disinformation, cognitive
dissonance,
Long game ended, Mother Earth deathbed,
Subsidies vanish, people aware.

Fossil fuel confidence dead and buried!
Citizens band together saving Mother.
All for one, one for all.
Living within means, cruelty-free veganism,
Mimicking solar powered leaves, no waste,
No pollution, no unemployment,
Rewilding nature. Barefoot. The Great Joy!

`takayna / Tarkine remains today a rare gem of natural intactness
in a world where the destruction of wild nature is rampant and

accelerating. It should also be one of the easiest in the world to protect. Comprising just seven percent of Tasmania, the Tarkine contains the nation's largest temperate rainforest, a galaxy of its rare and endangered wildlife and some of the richest Aboriginal heritage in the hemisphere. The latter has been inscribed on the list of National Heritage. The cleanest air in the world, as measured by the nearby UN monitoring station, blows across the Tarkine's shores.'
