

Age of Agony

Climate Chaos,
 Hotter longer unlivable,
 Four synchronised heat domes:
 Northwestern China
 {52.2C Xinjiang},
 North Africa
 {50C Northern Algeria},
 North Atlantic Ocean
 {5C marine heatwave},
 Southwestern U.S.
 {36C Phoenix nighttime low},
 Fossil-fuelled HEAT!

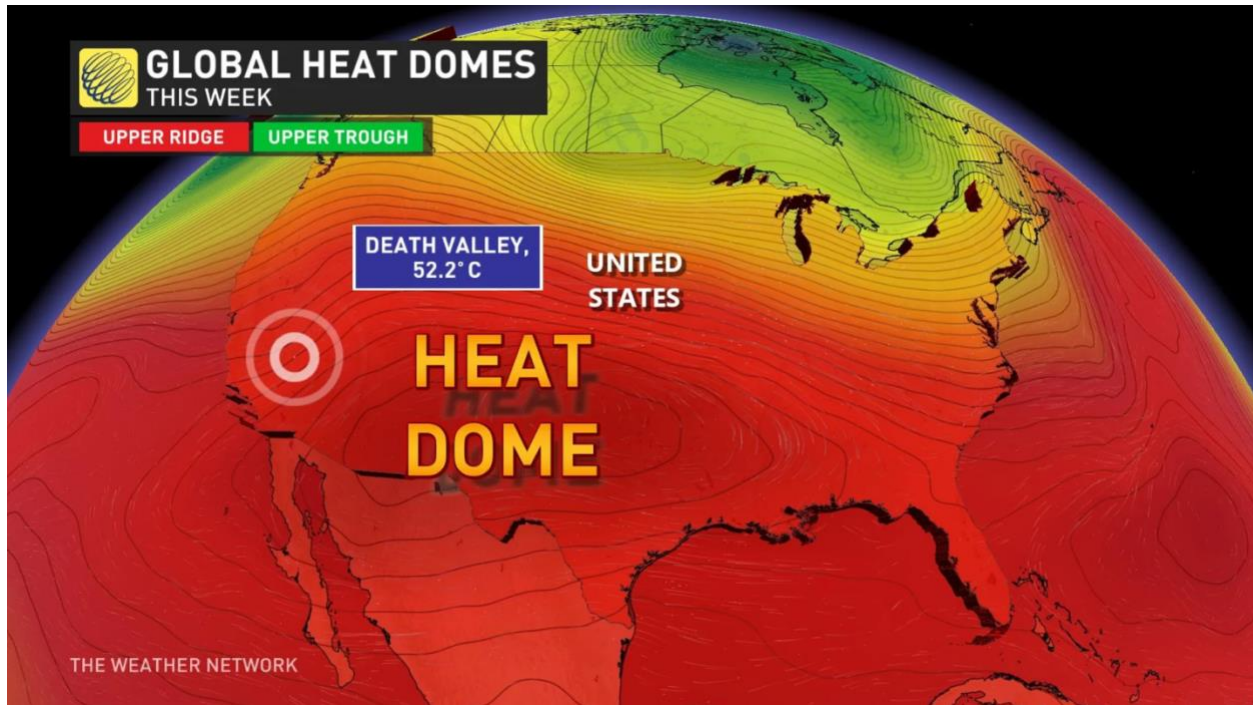

North Pole up-in-smoke,
Horrorific Emerald climate fires,
Canada/Siberia peat holocaust,
Burnt British Columbia,
Millions hundreds chokin'
Billions agonising animals,
Vale wildlife!

Fascist World,
Bulging bankers,
Two hundred-two constructions
LNG* intake/outtake ports,
Methane-leaking pipelines aplenty,
Fracking fields forever,
Booming sonic ocean oily cannons,
\$7 trillion fossil fuel yearly gifts,
\$3 billion daily greasy profits
{50 consecutive years},
Mother Earth's blood-money,
Black Gold Fever!

LNG* Liquefied natural gas

Rallying defenders:
Fearless
Undismay'd
Unflinching
Daring
Unrelenting
Mother's noblest,
Eternal LOVE seal'd!
