

Save the Swifties

Fastest earthly parrot
Critically endangered,
Breeds
Tasmania only,
Native forest
Glory!

Corporate's retched neoliberal
Jeremy Rockliff,
Tasmanian Premier,
Greenlit
Wilful destruction
Nesting & foraging
Priceless
Carbon storehouse homes,
Swapped for
Subsidised
Furnace wood pellets.

Eleven thousand nine hundred-fifty
Heavenly hectares
Chainsaw massacres,
Fascist draconian
Anti-protesting laws
Protecting extinction bankers.

End native forest logging
GLOBALLY!
Remove swift parrots
From
Forestry Tasmania
"Management".
Repair cutover lands.

Action for Earth!
Support
Bob Brown Foundation,
Relentless
Unafraid
Direct-action
Defenders,
Bravo!
